General Directives for Individual Performance and Medal Awards

If the test scores are an average of 2 or more judges, the average score must be considered a single score to be used as a requirement.

If a judge was a member of a judging panel on a submitted average score, that judge's score could be used on a different submitted score on a different test if that judge was adjudicating alone. If two scores are submitted from two judging panels, Panel #1 could be Judge A and B, and Panel #2 could be Judge A and C. Note Judge A is the same person but judging with a different partner.

Copies of Tests must accompany the Submission Form in order to validate scores. Scans of tests must include: **name of test; name of rider; name of show; date of show; percentage achieved; name of judge(s)**. To apply for the ADA Para-Dressage Performance Awards, the Application Form and copies of applicable tests will be sent to the ADA Awards Committee upon completion of the Award requirements.

Awards will be presented once a year (probably at a year-end Championship Show). Deadline for submissions TBA (likely mid-summer).
